The Missing Link

Ray and his team have been taking a seven-foot-tall animated gorilla named "Link" (he was missing for years) to Huntington Beach, California, bouncing off the subject of evolution and preaching open air. Link sure helps to pull in a crowd--tourists even ask to pose for photos with him. After about 15 minutes of preaching last Saturday, authorities stopped the open air, saying that a permit was needed for Link. A pastor came across and said that he was setting up for a sunrise service the next morning, and asked Ray to do a "sound check." So he went across and

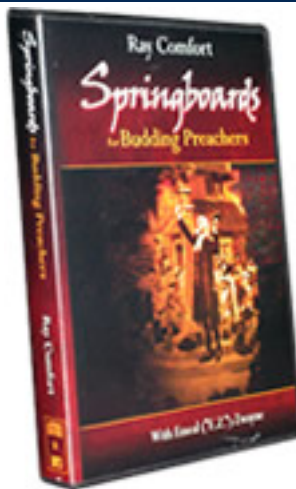

preached a gospel message to a good-size crowd (the sound was fine). We have since found that it isn't necessary to have a permit (the authorities were mistaken). Feel free to join Ray, Link and the team at the base of the pier Saturday afternoons around 1:30 PM, beginning May 20.

DaVinci Code CD, Tract, and Website

The world is ecstatic with excitement about a book and movie that attempts to discredit the New Testament, and (unbelievably)

Hollywood has had the audacity to use, "Use the Truth" to promote their fantasy. Let it upset you to a point where you do something about it. Please, get [The DaVinci Code tract](#) and [CD](#) and use this opportunity to turn something meant for evil, into something good. Go to the theatres and watch fans clamor for the tracts or CDs. We've also set up a [website](#) where people can listen to the message online for free... so send a link to everyone you know via email:

Springboards for Budding Preachers

For more than two and a half years, Ray and E.Z., (V.P. and General Manager) [preached the gospel](#) on public land in front of a courthouse here in Bellflower. During that time, an estimated 30,000 people heard the gospel. However, on Friday

September 30th, 2005, a Los Angeles judge issued a court order forbidding free speech on public soil -- not only outside of the Bellflower Courts but on the grounds of more than forty courthouses in Los Angeles County. Fortunately, our sound-man Stuart Scott recorded the last 29 days of the preaching, and they are now available on [CD and MP3 along with a free publication of the manuscripts](#).

www.DaVinciMessage.com. By the way, this came from the group that's helped us create the CD: "Please thank Ray for producing the [DaVinci Code CD](#)! I just listened to it and it is a spiritual grand slam!!! Man, I think that getting this CD out and into the hands of DaVinci code movie goers is vitally important, more so than the Passion and Narnia combined because it is going to be the unchurched that are going to flood theaters to see this movie!"

The Way of the Master NEWS

Kirk on O'Reilly

Thank you for your prayers for Kirk's appearance on "The O'Reilly Factor." He only had four minutes at the end of the program, but it went very well, and he was invited back any time in the future. Please pray that next time he will have longer to share the gospel, and to go into details about the ministry.

Join our Film Crew in New York

There is still time to join us while we are filming our Third Season in New York, May 12-14. We will have two teams -- one mid-town (Times Square, Central Park and Grand Central) and one down-town (China Town, lower East side, etc.). We need some hands that day to help our camera crews carry equipment around, and we can never have enough Christians searching for potential interviews. Please join our team while we're there. If you're interested, please call Braden Danner, Associate Producer, at the ministry 562-

207-9316 **before Thursday, May 4.**

Limited Time Gift with Enrollment - School of Biblical Evangelism

The SOBE has now more than 7,000 students world-wide. We are delighted beyond words that what began as just an idea a few years ago, has blossomed into something so fruitful. We want even more laborers trained to go into the harvest fields, so we have decided to give a free Springboards for Budding Preachers (five CD's, MP3 set and book) with every registration for the month of May. [Enroll in the School of Biblical Evangelism during the month of May!](#)

Living Waters Africa Launches

We are excited to announce the opening of Living Waters Africa - www.LivingWatersAfrica.com - headed up by Michael and Natalie Rogers, of of Berchleigh, South Africa. Not only will you now be able to get Living Waters

resources without having to worry about overseas shipping, but the Rogers' are also planning to host and organize outreaches country wide. These are exciting days!

New Million Dollar Bill

We have upgraded the artwork for the [Million Dollar Bill](#) tract. A normal print run of any title is around 50,000, but this tract is so popular we get 1,500,000 at a time. It's a powerful ice-breaker, door-opener, conversation piece, and it will make you feel good when people smile with joy when you give them a tract.

New Youth Evangelism Boot Camp

[Frontline](#) is not where you go on retreat; it's where you go on the advance. It's the place where youth are transformed and prepared to fight the biggest battle of their lives. Youth today are constantly bombarded with all kinds of distractions and deceit from the world. When they come to [Frontline](#), they will learn to confront the culture and follow in the

footsteps of the Master. It's a place where they will join like minded young people who are serious about serving God by serving others and seeking and saving the lost. They will learn how to effectively share their faith in Christ and will be coming home with the tools they need to change their school, their city and their world. This won't be the mission trip of their life it, will become their life's mission. We will help them realize evangelism isn't something they do, it's who they are in Christ. ([Frontline](#) is the youth division of The Great News Network, find out more [online](#).)

Struggling Financially?

A Note from Ray Comfort...

If you are finding it difficult to make ends meet, I have an idea that is simple and that could help you. Millions of families have millions of toys that their kids have either outgrown, or with which they have become bored. Here's what I suggest. Go around your neighborhood and offer cash for old toys. There are many parents and grandparents that would be glad to get rid of a pile of unused toys for a few dollars. Then make a large sign that says, "Nothing but toys. Swap a toy for a dollar." Pile your toys on your front lawn, stick up your sign, have a yard sale, and see what happens. You could categorize toys so that people pay \$1 to swap a small toy, and maybe \$5 to swap a big toy. If you wash or steam clean toys before you put them out, they may look like they are new. Restrictions may apply in some cities as to how many yard sales are allowed, but if it works, you could start your own business, and that may give you more time and resources to be about your Father's business.

Don't Give Up On Your Church

Sent in to us from Tony H. of OK

If you looked up "seeker sensitive mega church" in the dictionary, it would have a picture of my church beside it. I have spent countless hours trying to bring the [Way of the Master](#) teaching into our church. But I was met with constant red tape and being told, "Oh, you have to talk to another person about that." However, I have remained in a good, friendly relationship with everyone, and finally decided that I would just leave this in God's hands and continue to pray.

Needless to say, I have had many hours in prayer asking God to give this church a heart for the Bible and something more than just "relevant" messages. A few weeks ago, I started to notice that the messages were becoming more... well, Biblical. That was nice. I thanked God for it and continued to pray.

Then Easter Sunday, it happened. I never thought that I would hear Ray quoted in our Church by anyone other than me -- let alone part of the good test being given -- but the Pastor did it! The sermon was devoted to just trying to explain that we aren't good people.

I thank you and the rest of the team for your continued service to our Lord and Savior.

Do you want to contribute your witnessing experiences, tract stories, and creative evangelism ideas to the "Coffee Break" column? Send them to: share@livingwaters.com, and maybe we'll use yours! (Please include your first name, last initial, and location, in case we use your story!)
