[Evolution - A Fairytale for Grownups](#)

[101 questions to shake believer's blind faith in the theory](#)

From the Introduction: "I don't claim to be a great expert on the subject of evolution, but I have quoted well-known evolutionists, who reveal *in their own words*, the unscientific nature of that in which they have so blindly placed their faith."

"So it's now up to you to make a choice as to whether you are a believer or not, and then to follow the implications. When you read this book, keep in mind the wise words of Richard Dawkins: 'And, next time somebody tells you that something is true, why not say to them: 'What kind of evidence is there for that?' And if they can't give you a good answer, I hope you'll think very carefully before you believe a word they say.'"

- "I would rather believe in fairy tales than in such wild speculation." - **Ernst Chain**, Nobel Prize winner
- "The Darwinian theory of evolution is no more nor less than the great cosmogenic myth of the twentieth century." - **Michael Denton**, Molecular Biologist
- "Darwin's evolutionary explanation of the origins of man has been transformed into a modern myth, to the detriment of scientific and social progress." - **Dr. Colin Patterson**, Senior Paleontologist

Philosopher Malcolm Muggeridge warned that evolution will be "one of the great jokes in the history books of the future." Millions are convinced that the theory of evolution is a proven scientific fact, which is a sad testimony to human ignorance and naivety. Hopefully, you will "think very carefully" after hearing evidence from leading evolutionists and scientists, as they reveal the baseless and unscientific nature of the theory of evolution.

Change Someone's Life...

We are constantly receiving notes from people telling us how greatly their Christian life has been impacted by [The Way of the Master](#). This is a book that can *genuinely* change someone's life. One person wrote a review on our website that said:

"If you read one Christian book besides the Bible, make it this one. That's right. This is the most important book you can read besides the Bible. I have been avidly reading Scripture and theology books for a while now, but even with a great deal of knowledge, this book has opened my eyes and by God's grace enabled me to become a constantly bolder witness for the gospel of Jesus Christ. I absolutely cannot recommend it highly enough. This is the best money you will ever spend."

Another person wrote a review saying: "This book truly rocked my world and changed my life . . . my whole concept of God, Christianity, life and evangelism have been dramatically changed forever. I have read many books, and this is by far the best, hands down."

"This is the book that changed my life in 2001."

YouTube - Incredible Evangelistic Potential

Last month we included a YouTube clip called "[A Powerful Lesson from ER.](#)" It bounced off an ER episode into the gospel, and we asked you to spread it around. Thanks to you, to date, it has had over 69,000 viewings. What incredible evangelistic potential this is. This month [we have one that we think is just as powerful: "A Lesson](#)

[from The Moment of Truth.](#) It also contains a clear gospel message. Just as with the other one, we **will also be sending it to you in a *second email* that you can easily forward on to all your friends.**

Atheists Made this Video

Amazingly, they included the gospel. Some unsaved people are more likely to watch something produced by atheists, so feel free to share this with your skeptic friends:

Good Shop

Last month we mentioned that you could support this ministry by searching and purchasing online through "[GoodSearch.com](#)" and "[GoodShop.com](#)." The initial response to last month's

announcement was wonderful. Thank you! The potential for you to use these tools to help raise funds to help us get the gospel out without it costing you a thing, is unlimited.

Remember, each time you do any kind of web search through "Good Search," the ministry receives funds. And any time you make an online purchase by accessing one of the many mainstream web stores available through "Good Shop," the ministry receives an even greater donation from the companies from whom you are buying.

Please remember, you have to access the store's site through [GoodShop.com](#) in order for the

donation to be made to the ministry. Simply go to the GoodShop.com website and type "Living Waters" in the "Who do you goodshop for?" box. **Then be sure to choose "Living Waters (Bellflower, CA)."** (Our ID is 863011.)

I cannot think of an easier way to partner with us in raising funds for the evangelistic outreaches of the ministry. We are very grateful for all the ways you participate in the furtherance of the gospel. Thank you.

Take Up the Shield by Tony Miano

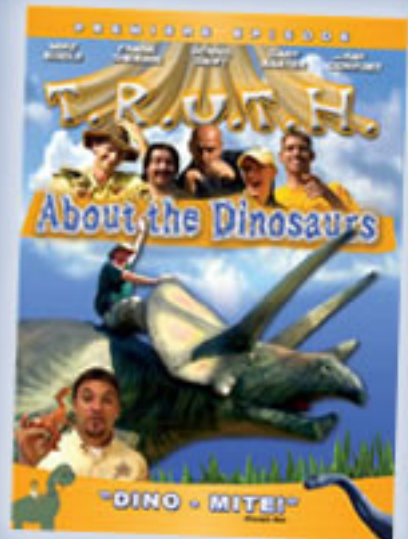

Written by a street cop, [Take Up the Shield](#) compares the various pieces of law enforcement equipment to the spiritual armor that the Bible describes in Ephesians chapter six. Real-life law enforcement stories drive home the importance of each piece of equipment.

"If more Christians had a zeal for the lost and a passion for God that Tony possesses, we would have revival. I not only admire him as a man of God, but I am honored to call him a friend. His helpful book will encourage many to 'take up the shield of faith.'" - **Ray Comfort**

The Truth About the Dinosaurs

It seems that most Christians don't have sufficient answers when it comes to the topic of dinosaurs. ["The Truth About the Dinosaurs"](#) (a 1-hour DVD) puts an end to that problem once and for all. Find out where dinosaurs came from and what they liked to eat. Learn why the word "dinosaur" isn't found in your Bible. See why dinosaurs no longer roam the Earth today . . . or do they?

MINISTRY FRIENDS IN THE SPOTLIGHT

Each month in this section we want to shine the spotlight on friends of the ministry that we feel will be a help and encouragement to you as we spread the Gospel around the world together.

Anna (Banana) Jackson has used our materials to create a wonderful [Self Examination Journal](#). Check it out. You can download the FREE (1MB) Adobe Acrobat (pdf) version at either of these locations:

How Cool is it When the Fish Come to You?

Overheard online at [Adventures in Christianity](#)

Myself and two of my friends were doing a Bible study and talking about the things of God at my apartment. Shortly after we started, there was a knock at the door. It was a college kid named Chris who was selling magazines. He was trying to get enough points to go on a spring break trip so he could drink beer and party. He had no idea what he had gotten himself into... he thought he was coming to sell magazines but God had different plans for him that day.

I told him I would listen to his sales pitch if he would give me a chance to share with him. He agreed. After he went through his presentation, and I had a chance to share with him, I found out that he had a loose catholic background and had recently been thinking about spiritual matters. His understanding was that people are basically good and that good people go to

Heaven. He thought of himself as a morally good person who was on his way to Heaven, and he was somewhat selfrighteous but not extremely rigid. After I shared the Law and grace with him, he had said that it had been an eye opener. Unfortunately he still was making comments like, "Well that's your perspective from a protestant point of view..." etc.

But we made sure he left with [a tract](#), a copy of [Hell's Best Kept Secret](#), and a Mark Driscoll cd on good fruit and bad fruit. We also invited him to church and gave him our phone numbers. We've still not heard back from him, so I ask that you would all pray that God will open Chris' eyes to the truth of the Gospel.

Do you want to contribute your witnessing experiences, tract stories, and creative evangelism ideas to the "Coffee Break" column? Send them to: share@livingwaters.com and maybe we'll use yours! (Please include your first name, last initial, and location, in case we use your story!)
